

Version:2.1

Safety Data Sheet

Section 1. Identification of the Substance and Company

Product Name	:	Super Sparkle White
Application	:	Cosmetics, Personal Care, Fragrance, Toiletry
Company	:	Stansfield's Fragrance Oils
Address	:	Unit B Solo Works, Rotterdam Road, Hull, HU7 0XD
Telephone	:	+44 (0)1482 447272
Fax	:	
E-mail	:	info@stansfields.shop
Emergency Call	:	+44 (0)7921236290

Section 2. Hazards Identification

2.1 Classification of the substance or mixture:

• Hazard description: Not Applicable

• Information concerning particular hazards for human and environment: The product is not classified as dangerous according to Directive 67/548/ EEC, 1999/45/ EC and Regulation(EC)No.1272/2008 Classification system: The classification is according to the latest edition of the Directive 67/548/ EEC, 1999/45/ EC and Regulation(EC) No.1272/2008, and extended by company and literature da 2.2 Label elements:

• GHS label elements: Void

2.3 Other hazards: Not available

Potential health effects

Primary routes of exposure:

Routes of entry for solids and liquids include eye and skin contact, ingestion and inhalation. Routes of entr gases include inhalation and eye contact. Skin contact may be a route of entry for liquefied gases. Irritation / corrosion:

Inhalation of dust may cause respiratory tract irritation, coughing and breathing difficulties. Contact with the or skin may cause mechanical irritation.

Chronic toxicity:

Potential environmental effects Aquatic toxicity:

At the present state of knowledge, no negative ecological effects are expected. The inhibition of the degradat activity of activated sludge is not anticipated when introduced to biological treatment plants in appropriate concentrations. The product has not been tested. The statement has been derived from the propertie individual components.

Section 3. Composition /Information on Ingredients

Name	INCI Name	CAS No.	EC No.	CI No.
Natural Mica	MICA	12001-26-2	N/A	77019
Titanium dioxide	CI 77891	13463-67-7	236-675-5	77891

Section 4. First aid Measures

4.1 Description of first aid measures:

General advice:

Remove contaminated clothing.

- If inhaled: Move person to fresh air. Consult doctor in event of any complaints. If difficulties occur after dust been inhaled, remove to fresh air and seek medical attention.
- If on skin: Wash with soap and water. If irritation persists, seek medical attention. Wash thoroughly with soa water. If irritation develops, seek medical attention.
- If in eyes: Immediately flush eyes with water for at least 15minutes. If discomfort persists, seek medical atten Wash affected eyes for at least 15 minutes under running water with eyelids held open. If irrit develops, seek medical attention.

If swallowed: If large quantities are ingested, seek medical advice. Not a hazard under normal use condition: Rinse mouth and then drink plenty of water. Do not induce vomiting. Never induce vomiting or anything by mouth if the victim is unconscious or having convulsions. Seek medical atter necessary.

Information for doctor:

The following symptoms may occur: Not available

Hazards: Not available

Treatment: Not available

4.2 Most important symptoms and effects, both acute and delayed: Not available

4.3 Indication of any immediate medical attention and special treatment needed: Not available

Section 5. Fire-fighting Measures

- 5.1 Extinguishing media: Not available
 Suitable extinguishing agents:
 CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- 5.2 Special hazards arising from the substance or mixture: Not available Protective equipment: No special measures required.
- 5.3 Advice for firefighters: Not available

Section 6. Accidental Release Measures

6.1 Personal Precautions, protective equipment and emergency procedures:

Wear appropriate respiratory protection. Use personal protective clothing. Ensure adequate ventilation **6.2 Environmental precautions:** Do not allow to enter sewers/surface or ground water.

6.3 Methods and material for containment and cleaning up:

For small amounts: Pick up with suitable appliance and dispose of. For large amounts: Pick up with suitable appliance and dispose of. Spills should be contained and placed in suitable containers for disposal.

6.4 Reference to other sections: Not available.

Section 7. Handling and Storage

General advice:

Breathing must be protected when large quantities are decanted without local exhaust ventilatio contact with the skin, eyes and clothing. Keep in a cool place. Keep container dry.

7.1 Precautions for safe handling: Avoid dust formation. Closed containers should only be opwell-ventilated areas.

Information about fire-and explosion protection: No special measures required.

7.2 Conditions for safe storage, including any incompatibilities:

- Requirements to be met by storerooms and receptacles: No special requirements
- Information about storage in one common storage facility: Not required.
- Further information about storage conditions: None.
- Incompatibilities: Not available

Specific end use(s): Not available

Section 8. Exposure Controls/Personal Protection

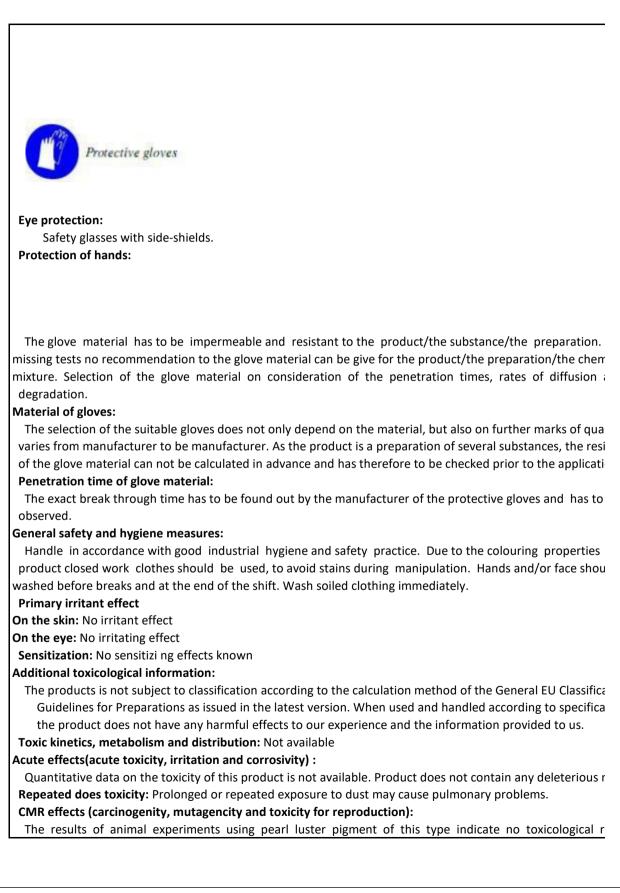

8.1 Exposure controls:

Personal protective equipment:

Wear a NIOSH-certified (or equivalent) organic vapour/particulate respirator. Observe OSHA regulation respirator use (29 CFR 1910.134).

properties. Since the substance is poorly absorbed, no systemic effects are to be anticipated. Inhalation c should be avoided as even inert dusts may impair respiratory organ functions. No evidence of car properties. No evidence of mutagenic or teratogenic effects.

Section 9. Physical and Chemical Properties

Form:	powder
Color:	White
Odour:	odourless
Ph value:	7-11
Melting point	not available
Boiling point	not available
Ignition temperature	not available
Flash point	not available
Explosion limits lower	not available
Upper	not available
Density (20 ^C)	2.8-3.4g/cm₃
c_{a}	
Solubility in water(20C)	almost insoluble
Particle size	40-200µm

Section 10. Stability and Reactivity

- 10.1 Reactivity: No decomposition if used according to specifications
- 10.2 Chemical stability: Acid and alkali resistance under the normal temperatures
- 10.3 Possibility of hazardous reactions: Not available
- 10.4 Conditions to avoid: Not available
- 10.5 Incompatible materials: Not available Materials t be avoided: Not available Dangerous reactions: No dangerous reactions known
- 10.6 Hazardous decomposition products: Not available
 - Hazardous reactions:
 - No hazardous reactions when stored and handled according to instructions.
 - The product is chemically stable.
 - Hazardous polymerization will not occur.
 - Decomposition products:
 - Hazardous decomposition products: No hazardous decomposition products if stored and handled as prescribed/indicated.

Thermal decomposition: No data available. Corrosion to metals: No corrosive effect on metal.

Section 11. Toxicological Information

Information on toxicological effects:
Acute toxicity
Oral:
Type of value: LD50
Species: rat
Value: > 2,000 mg/kg
The product has not been tested. The statement has been derived from the properties of the individ
components.
Irritation / corrosion
Skin:
May cause mechanical irritation.
Eye:
May cause mechanical irritation.
Carcinogenicity

Section 12. Ecological Information

on.

12.1 Toxicity:
No ecological problems are to be expected when this product is handled and used with due care and attenti
12.2 Persistence and degradability: Not available
12.3 Bioaccumulative potential: Not available
12.4 Mobility in soil: Not available
12.5 Results of PBT and vPVB assessment: Not available
12.6 Other adverse effects: Not available
Additional ecological information:
General notes:
Water hazard class 1(German Regulation)(Self-assessment):slightly hazardous for water
Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system
Fish
Acute:
Fish/LC50 (96 h):
not determined

Chronic: No data available. Aquatic invertebrates Acute: daphnia/ LC50 (48 h): not determined Chronic[.] No data available. Aquatic plants Toxicity to aquatic plants: algae/ EC50 (72 h): not determined Microorganisms Toxicity to microorganisms: bacteria/ EC50 (0.5 h): not determined Degradability / Persistence Biological / Abiological Degradation Evaluation: Not readily biodegradable (by OECD criteria). The colourant is insoluble in water and can thus be separated from water mechanically in suitable effluent treatment plant

Section 13. Disposal Considerations

13.1 Waste disposal of substance:

Must be disposed of or incinerated in accordance with local regulations.

Dispose of in a licensed facility. Do not discharge into drains/surface waters/groundwater. It is the waste generator's responsibility to determine if a particular waste is hazardous under RCRA.

13.2 Container disposal:

Uncontaminated packaging can be re-used. Packs that cannot be cleaned should be disposed of in the si manner as the contents.

Section 14. Transport information

14.1 Land transport ADR/RID (cross-border)

USDOT

Not classified as a dangerous good under transport regulations Transport category:

14.2 Maritime transport IN	/DG			
14.2.1 IMDG Class:	Not classified as a dangerous good under transport regulations			
Label:	-			
14.2.3 Packaging group:	-			
EMS Number:	-			
Marine pollutant:	No			
14.2.4 Proper shipping name: -				
14.3 Air transport ICAO-TI and IATA-DGR				
14.3.1 ICAO/IATA Class:	Not classified as a dangerous good under transport regulations			
14.3.2 UN/ID Number:	-			
Label:				
14.3.3 Packaging group:	-			
14.3.4 Proper shipping name: -				
UN (Model Regulation) :	-			
14.4 Environmental hazards: Not available				
14.5 Special precautions hazards: Not available				

Section 15. Regulatory Information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture: Sara

Section 335(extremely hazardous substances): None of the ingredients is listed.

Section 313 (specific toxic chemical listings): None of the ingredients is listed. Proposition 65 Chemical known to cause cancer:

None of the ingredients is listed.

Chemical known to cause reproductive toxicity for females: None of the ingredients is listed.

Chemical known to cause developmental toxicity: None of the ingredients is listed. Cancerogenity categories

EPA(Environmental Protection Agency) None of the ingredients is listed.

NTP(National toxicology Program)

None of the ingredients is listed.

OSHA-Ca(Occupational Safety& Health Administration)

None of the ingredients is listed.

labelling according to EU guidelines:

Observe the general safety regulations when handling chemicals.

The product has not been classified and marked in accordance with EU Directives/respective national laws. The product is not subject to identification regulations under EU Directives and the Ordinance on Ha Materials

The product has not classified as dangerous according to Directive 67/548/ EEC, 1999/45/ EC and Regulat No.1272/2008.

National regulations

Candidate List of Substance of very high concern(SVHC) according ECHA (18/06/2010)

None of the ingredients is listed

REACH Regulation Annex XVII Restrictions List: None of the ingredients is listed

REACH Regulation Annex XVII Authorization Recommendation List: None of the ingredients is listed

Section. 16 Other Information

The contents and format of this MSDS are in according with REGULATION (EC) No.1272/2008. (EC) No .1907/ Commission Directive 1999/45/ EC, 67/548/ EEC.

DISCLAIMER OF LIABILITY:

The information in this MSDS was obtained from sources which we believe are reliable. However,, the inform is provided without any warranty, express or implied, regarding its correctness. The conditions or me handling storage, use or disposal of the product are beyond our control and may be beyond our knowled this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or exarising out of or in anyway connected with the handling, storage, use or disposal of the product. This MSDS/ was prepared and is to be used only for this product. If the product is used as a component in another product MSDS/SDS information may no the applicable.

Relevant R-phrases

36/377/38 Irritating to eyes, respiratory system and skin.

Abbreviations and acronyms:

ADR: Accord enropeen sur le transport des merchandises dangerous par Route(European Agreement conce

the international Transport of Dangerous Goods by Rail). IMDG: International Maritime Code for Dangerous Goods IATA: International Air Transport Association IATA- DGR: Dangerous Goods Regulations by the : "International Air Association" (IATA) ICAO: International Civil Aviation Organization ICAO-TI: Technical Instructions by the "international Civil Aviation Organization" (ICAO) GHS: Globally Harmonized System of Classification and Labeling of Chemicals. ACGIH: American Conference of Governmental Industrial Hygienists. LC50: Lethal concentration,50 percent LD50:Lethal dose,50 percent HMIS III rating Health: 1 Flammability: 0 Physical hazard : 0 HMIS use a numbering scale ranging from 0 to 4 to indicate the degree of hazard. A value of zero means that t substance possesses essentially no hazard; a rating of four indicates extreme danger. Although similar, rating systems are intended for different purposes, and use different criteria. The HMIS system was design€ communicate workplace hazard information to employees who handle hazardous chemicals.
